Reporting year 2021 | G1-3 | 11 candidate ECs | 30 evidence cards

Back to Cases Disclosure Evidence and ECs Results

DC = disclosure claim; EC = evidence claim. Blue links jump within this workbook. Each framework's native claim is preserved.

1 | Disclosure related — passages and claims

Passage 1 Employees in senior positions and employees with external contacts receive additional training in anti-corruption legislation.

The passages above locate the target. Native claims and the full disclosure follow before the evidence and results.

Claim source	Disclosure claim — exact saved text
BACE	SCA employees in senior positions receive additional training in anti-corruption legislation.
RAGAS native	SCA employees in senior positions receive additional training in anti-corruption legislation.
RAGChecker native	Subject: SCA employees in senior positions and employees with external contacts Relation: receive additional training in Object: anti-corruption legislation

Wording note: RAGChecker also includes employees with external contacts; BACE and RAGAS target senior employees.

2 | Evidence related — selected excerpts — verbatim passages from the existing review

These are selected excerpts, not the complete input. All supplied evidence cards appear below, including cards with no BACE candidate EC.

Evidence 12017 | p. 42	Employees with senior positions and those with external contacts are trained in anti-cor ruption legislation
Evidence 82020 | p. 147	Employees in a senior position and/or with external contacts are given additional training in anti-corruption.
Evidence 282021 | metric	Number of employees receiving anti-corruption and anti-bribery training, during period Managers. Value: 1000.0.

2.1 | Candidate ECs — complete, identical input to all three BACE conditions (11)

EC aliases match the previous reader. This is the complete candidate input. Saved support-set membership is listed later in Results.

EC	Candidate EC — exact saved text	Source card(s)
EC01	According to SCA's 2017 annual report, employees in a senior position and/or with external contacts are given training in anti-corruption.	Evidence 6Evidence 7
EC02	According to SCA's 2017 annual report, employees with external contacts are trained in anti-corruption legislation.	Evidence 1Evidence 2
EC03	According to SCA's 2017 annual report, employees with senior positions are trained in anti-corruption legislation.	Evidence 1Evidence 2
EC04	According to SCA's 2017 annual report, the target group for the Group's anti-corruption legislation training comprises about 1,000 employees.	Evidence 1Evidence 2

3 | Results — three support prompts

Target DC SCA employees in senior positions receive additional training in anti-corruption legislation.

Condition	Decision	Actual saved support sets (EC aliases above)
Original BACE	Unsupported	No support sets recorded (empty list).
BACE–RAGAS-style	Supported	Set 1 (inferred): EC07 + EC11 Set 2 (inferred): EC11 + EC05
BACE–RAGChecker-style	Unsupported	No support sets recorded (empty list).

The adapted runs saved support sets only: no textual rationale and no new unsupported diagnosis. The original BACE reason below belongs to the original run.

Decision changes relative to original BACE: BACE–RAGAS-style.

3.1 | Results — original BACE and native frameworks

Framework	Decision	Native claim	Saved reason / support record
BACE	Unsupported	SCA employees in senior positions receive additional training in anti-corruption legislation.	The evidence establishes 2021 anti-corruption training for managers and, in earlier years, additional training in anti-corruption legislation for senior employees, but does not establish their combination in 2021.

R02 | Svenska Cellulosa

Reporting year 2021 | G1-3 | 11 candidate ECs | 30 evidence cards

Back to Cases		Disclosure	Evidence and ECs	Results
RAGAS	Supported	SCA employees in senior positions receive additional training in anti-corruption legislation.		The context states that senior employees receive anti-corruption training, including training in anti-corruption legislation.
RAGChecker	Supported	Subject: SCA employees in senior positions and employees with external contacts Relation: receive additional training in Object: anti-corruption legislation		No textual rationale recorded. Entailment: 4 evidence card(s) Neutral: 26 evidence card(s) Per-card labels are listed in the results section below.
BACE saved label		evidence_conflation		
BACE support sets		No support sets recorded (empty list).		

BACE's reason above is the saved unsupported-diagnosis rationale, produced after the support decision.
