R02 | Svenska Cellulosa | 2021 | G1-3

All cases

1 | Disclosure and claim

Disclosure	Employees in senior positions and employees with external contacts receive additional training in anti-corruption legislation.
Claim	SCA employees in senior positions receive additional training in anti-corruption legislation.

RAGChecker's claim also includes employees with external contacts.

2 | Evidence and key candidate ECs

2017 | Evidence 1	Employees with senior positions and those with external contacts are trained in anti-cor ruption legislation
2020 | Evidence 8	Employees in a senior position and/or with external contacts are given additional training in anti-corruption.
2021 | Evidence 28	Number of employees receiving anti-corruption and anti-bribery training, during period Managers. Value: 1000.0.

Key candidate ECs — 3 of 11 shown

EC03	According to SCA's 2017 annual report, employees with senior positions are trained in anti-corruption legislation.
EC07	According to SCA's 2020 annual report, employees in a senior position and/or with external contacts are given additional training in anti-corruption.
EC11	For reporting year 2021, Svenska Cellulosa reported 1000.0 managers receiving anti-corruption and anti-bribery training during the period.

BACE	RAGAS	RAGChecker
Unsupported	**Supported**	**Supported**

BACE reason	The evidence establishes 2021 anti-corruption training for managers and, in earlier years, additional training in anti-corruption legislation for senior employees, but does not establish their combination in 2021.

Evidence and ECs above are selected excerpts. BACE reason is its saved diagnosis rationale.

R10 | Mowi | 2021 | G1-2

All cases

1 | Disclosure and claim

Disclosure	Mowi did not report a separate quantitative supplier-management target, supplier screening rate, or specific arrangements for small and medium-sized suppliers for 2021 in the available information.
Claim	Mowi did not report specific arrangements for small and medium-sized suppliers for 2021 in the available information.

RAGChecker's claim omits 'in the available information'.

2 | Evidence and key candidate ECs

2020 | Evidence 1	Our Global Procurement Policy lays the ground rules for how we conduct ourselves toward our vendors and our expectations toward the supply chain.
2021 | Evidence 23	Average number of days to pay invoice from date when contractual or statutory term of payment starts to be calculated. Value: 30.0.
Key candidate ECs — 1 of 4 shown	
EC04	For reporting year 2021, Mowi reported an average of 30.0 days to pay an invoice from the date when the contractual or statutory term of payment starts to be calculated, under ESRS G1 disclosure requirement G1-6.

These excerpts alone cannot verify absence across all supplied evidence.

3 | Saved results

BACE	RAGAS	RAGChecker
Unsupported	**Supported**	**Unsupported**

BACE reason	The evidence reports Mowi's average invoice payment period for 2021 but does not state whether specific arrangements for small and medium-sized suppliers were disclosed in the available information.

Evidence and ECs above are selected excerpts. BACE reason is its saved diagnosis rationale.

R17 | Wärtsilä | 2020 | E1-6

All cases

1 | Disclosure and claim

Disclosure	Scope 2 emissions are presented using both market-based and location-based methods.
Claim	Wärtsilä presents Scope 2 emissions using the market-based method.

2 | Evidence and key candidate ECs

2020 | Evidence 22	Gross market-based Scope 2 greenhouse gas emissions Own operations. Value: 46306.0 tCO2e.

Key candidate ECs — 1 of 29 shown

EC29	For reporting year 2020, the Corporate Sustainability Tracker reports Wärtsilä's gross market-based Scope 2 greenhouse gas emissions from own operations as 46,306.0 tCO2e under ESRS E1-6.
